## The Lunar Return

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. In the words of the Sesame Street song:

That's about the size,  
Where you put your eyes,  
That's about the size of it.

It's all in how you frame your picture. The closer to the subject you get, the greater the detail - the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

### What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

### How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

### Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you can in the few hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where

they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

### **Changing The Picture**

The planetary positions in a Lunar return are locked in at the moment the Moon returns to its natal place. Where these positions fall in relation to the local horizon, and thus the areas of life in which they work, is entirely dependent upon where you are at the time. Thus, if you see that your Lunar return is going to develop a picture you'd like to rearrange, that can be accomplished by placing yourself at the right spot on the globe to

fine-tune the event. Many astrologers travel widely in order to adjust both Solar and Lunar returns - I have done so repeatedly over the last 35 years with apparent great success, so I recommend it when necessary. Moving about extensively every month is not easy for everyone, but being aware that it affects the Lunar return is a plus if you normally travel on business and have some say as to where.

### **Pieces Of The Puzzle**

The Lunar return is a large piece of the astrological picture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect and what

you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face. Don't forget to stand back every now and then and refresh yourself with the

big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and

every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

## **Your Personal Lunar Return**

### **Your Lunar Return Chart This Month**

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days until it is supplanted by the next Lunar return. Thus, where the middle and outer planets are concerned, there is little or no change of sign over literally dozens of Lunar returns. This makes the overall influence of signs more of a long-term, barely changing backdrop and thus negligible in effect. The house placements and the mutual aspects of the planets and Angles thus become where all the action is, fueled mostly by the faster-changing positions of the inner planets. That may be just as well, as trying to stuff too much interpretive information into a description of a single month leads to diminishing returns, and what is important gets lost in the shuffle.

So what is most important in a Lunar return? Certainly the house positions of the Sun and Moon, and the sign of the Ascendant, which represent the main areas of focus for the month, along with the house positions of the planets. After that comes the aspects of the Lights, Angles, and inner planets to each other and to the middle and outer planets, which describes the dynamics of the month. Last comes the aspects of the middle and outer planets to each other, which provide a background dynamic upon which the rest play out. These, taken together with featured elements of your natal chart highlighted by Lunar Return positions, give an overall picture of the coming month.

### **Daily Events**

After a look at the overall picture for the month, daily influences are painted primarily by the transiting Moon as it passes through the natal and Lunar return houses and ticks off its conjunctions to planets in both the natal chart and the Lunar return chart. This accounts for 47 occurrences, each of which happens once, in varying orders, throughout each month. As the Moon transits the houses and planets of the natal chart, it triggers events that are both personal to the moment and yet connect with more long-term issues as well, since the natal chart abides permanently. As the Moon touches the houses and planets of the Lunar return, however, its effects are to highlight and spark off the trends depicted in that chart only, and thus apply only to very short-term developments. These Lunar transits thus give what amounts to inner and outer pictures, short-term and longer-term effects working together, both of which are described in the text.

**Personal Void-of-Course Moon**

One final, and very useful, addition is the Personal Void-of-Course Moon. The period of time every 2 1/2 days when the transiting Moon has made its last aspect to another body in the sky before changing signs is described as a Void-of-Course Moon period. It can last from a few minutes to over a day, depending how late in signs the planets are at the time. Because the Moon at this time doesn't really have its "feet on the ground," is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries. Many astrological calendars include a monthly list of these times.

If you have natal planets late in one or more signs, however, an ordinarily Void-of-Course Moon may still be making aspects to your chart, allowing you a special exception from the rule and giving you a decision-making advantage at this time. Conversely, if your planets are mostly early in signs, then for you the Moon goes Void-of-Course sooner than for the rest of the world, allowing you to check out and party early, while others are still in a more mundane frame of mind. Thus, included here is a list of your own Personal Void-of-Course Moon times unique to you alone, in order to give you a very specific personal advantage. They each begin when the Moon makes its last aspect to your chart and end when the Moon enters the next sign.

## Lunar Return: Jun 03, 2018

As in a natal chart, the first thing you look at is the position of the Sun, Moon, and Ascendant. Their positions and aspects form the fundamental dynamic for the month: whether it's coming on like a juggernaut, sneaking up like a cat, stumbling in like a bull in a china shop, or striding in like a hero. Since the Lunar Return Moon is the same as your natal Moon, any aspects to it are also transiting aspects to your natal horoscope, thus uniquely entwining both charts and making the Lunar aspects especially important. The house position of the Sun and Moon tell you where your main action will be all month, and the Ascendant sign show the overall style. Easy aspects of these to the rest of the chart will show a month whizzing by according to plan. Hard aspects will indicate tangles and challenges to overcome. The text relays how to make the most of the former and how to transform the latter to get best results from the month.

### Sun

This cycle brings a strong emphasis on asserting your personality and presence in-person. Life is very much live, not taped, and your successes will bloom from added self-confidence and the ability to catch your stride foremost among others. This is not an ego trip, but rather a blossoming of new internal energy that sets you apart from and ahead of those around you. Be gracious about it, but do not hesitate to take first place as the opportunity presents itself. The ability to sell yourself and your personal persuasiveness will be what opens up doors for you, so don't be shy, it's your time to shine and bring in others to shine with you and reflect and share your light.

*Sun in First House*

Forceful ideas may be the flavor of the month, but remember that they are a two-edged sword. Well and enthusiastically supported opinions win friends but insisting on one person's opinion does quite the opposite. The danger to watch out for is the inflated ego having more weight than the intellect and also a rush to judgment settling issues before all the relevant information is in. Therefore, gather all your wits before you launch your propositions, and when you meet with resistance, give it a fair hearing before steamrolling over it. It's really easy to be too close to the subject to really see the whole story and find yourself in the pocket of the powerful without realizing it.

*Sun Conjunction Mercury*

If you can decide not to decide this month, do it. You may find that through no fault of your own much of what seems particularly promising right now will turn out to be illusory, however good it looks at the moment. This is partially because of your own approach in projecting your

own fantasies on the situation and partially just the way things are right now. Escapism is just the right escape as long as you realize that's what you're doing. Otherwise, spend some time trimming your visions and cutting through the surrounding mist until you've made your way into clearer surroundings and can commit to a sound course. When you're becalmed, it's time to relax and enjoy until the wind picks up.

*Sun Square Neptune*

A rising Sun purports just what it sounds like, a burst of long-awaited light. Barring other debilitating aspects, this month's driving energy is up-front, in your face, and eminently available to take a ride on. It encourages you to come out of your shell and shine, make a splashy appearance in person, and be a dominating personality in a room. It is great for selling and being a salesperson, as you have a greater power to impress and convince by sheer alone. In this respect, as you go so goes the rest of the world, which will open up in return and let out feelings and thoughts that would have been withheld under other circumstances. Rising Sun, rising star.

*Sun Conjunction Ascendant*

### **Moon**

You'll find that the more you travel, the more you know, whether your journeys are of the body or of the mind. This coming lunar month can put you on some new courses to unexplored territory, with a variety of interesting side trips available. Don't feel you have to plan it all rationally, but go where the mood moves you. You'll find the most interesting places. You'll find yourself standing back and seeing the whole thing and not just its parts, so don't dwell too deeply on specifics. It's the journey, not the goal, so smell the flowers along the way and gather what's in bloom. You never pass the same spot twice, so enjoy each to its fullest. After all, it's your trip, isn't it?

*Moon in Ninth House*

It's a good time to state the obvious, or treat what you are stating as if it is. Words from you will seem like words from the wise this month, so don't disapprise your audience of that impression. The fact is, it will be closer than usual to correct, as insights flow easily, so easily that you may take them for granted, and you might get what you're saying onto paper so you can benefit from it later. Feelings that formerly may have been difficult to express clearly can be resolved, and your reaction timing in social intercourse will reach new levels. Guard against lazy thinking, however, and be sure to get what's on your mind out into the conversation, or it might as well not be there.

*Moon Trine Mercury*

It is easy to let strong feelings reign and anger lead you into the fray - you'll regret it, so don't. That's easy to say, hard to follow, and it involves more than just reining in your emotions - it means finding a way to channel them so they can express themselves and expend the energy behind them in a positive, not negative fashion. This energy is floating about and can come back to harm you right on the spot, road rage being a shining example. Fortunately, this tends to pass quickly and not interfere in your overall operations unless you indulge in it. A rule of thumb: count to ten, and if it still doesn't pass, flee. Expend this passionate energy in love, not

war.

*Moon Conjunction Mars*

An emotional gift likely awaits you this month, a moment when you feel you are getting some kind of payback, some response and acknowledgment from the universe to who you are and what you have done. This can be an case of recognition from your peers, an instance of special affection from someone close, or even just a strong sense of déjà vu - that you're getting some kind of reward for something you might once have done, somewhere. The instance can be fleeting, but if you catch it, it can be a memory you'll take with you for a long time. Though this may sound crass, make sure you've got a camera or some kind of recording device to capture the moment.

*Moon Opposition Node*

### **Ascendant**

This month comes on gently, replete with subtleties and options to see things another way until you really understand them. Because it's more diffuse in nature, getting down to brass tacks may be frustratingly hard because of multiple options, too many choices. The power of reason, however, is in the ascendant, and you can always talk your way through any situation if need be. You will need to avoid prevarication, however, or chaos will result. Stick to the truth, even when it seems multi-faceted. Action takes place on multiple levels, so be ready to pat your head and rub your stomach at the same time. Many winds, often inconstant, caress the landscape, so this month favors the diversified mind.

*Ascendant in Gemini*

Rising Mercury means you lead with your mind, and whoever gets the first and best word in will get the most out of this period. A good line is worth its weight in gold, and a clever argument with an original twist will make you very much the center of attention. This applies not so much to writing, correspondence, and problem-solving but more to what you say in person and how that sparks off the conversation and the thoughts of those around you. Don't speak without thinking first, but also have confidence that the first thought that comes to mind will be quite serviceable and will lead you where you want to go. It won't hurt to be glib.

*Mercury Conjunction Ascendant*

It may be harder than usual to make yourself perfectly clear this month, as what you see is not what you get, and what you say may be totally misread. Attempts to clarify are likely to make things worse, so when in doubt, try another tack entirely rather than reexplain until the cows come home. This may be because you don't look like what someone expected, or because you're not clear as to how to really express what your bottom line is. Chemical solutions don't help - in fact, they just confuse things more, unless you just decide to put it all off and party. Still, there's the hangover to consider, literally or figuratively. Time will soon enough put you back into focus.

*Neptune Square Ascendant*

The inner planets change significantly from month to month and indicate the personal permutations your life is going through. Basically, it's the framework of how you play the game, who else is playing, and how they're playing it. Easy aspects mean you win with no contest, hard aspects suggest a more hard-fought game that may put your life skills more to the test and increase your personal growth and talents through experience. The text relays both sides and gives advice on what games to play, what ones to avoid, and the best strategies - whether you want to raise, hold, or walk away.

### **Mercury**

What you say may get you in trouble, so don't lead off with the first thing that comes to mind. Put your mind in gear, then your mouth. Behind the scenes efforts are favored, so you may want to keep your ideas under wrap until they can get a proper hearing. Personal insight is especially available if you are willing to put some of your hidden feelings into words and bring them into daylight. A few well-chosen words can cure inner and outer disputes as you come to better understand them. Formless fears turn to dust when you root them out and show them the light of day. Run silent, run deep - then, when you surface, take a deep breath of air.

*Mercury in Twelfth House*

Anything you can put into words you can probably accomplish this month, as form and function go hand in hand and your shots are clean from backswing to follow-through. You can make things look easier because right now they just are, but there's no need to let on when you can take lots of credit. Don't hog the action, but make sure you are in the middle of it as you have a lot to gain. Well-considered moves gain you praise, but you can't get lazy now just because it seems easy or obvious. You can't get your point across if you don't speak up - especially now that you're likely to meet with agreement on all sides. Speak clearly, act accomplished, gracefully accept admiration.

*Mercury Trine Mars*

### **Venus**

You may find yourself getting a little more affluent for a bit, even if it's only the appearance of affluence. It's a time when you can put an especially good face on your investments and thus maximize their benefits. What you have to sell looks good and fetches a better price. What you choose to keep looks more desirable and thus increases your overall worth without further acquisition. As a result, you should strike while the iron is hot and take advantage of the situation as it presents itself. Don't part with what you love - rather, deck it out - but what you sell, sell high. Throughout, you'll be feeling special pride in ownership, which brings admiration.

*Venus in Second House*

Whatever bounty you may have, this is the time to revel in it. The harvest of life is increased and appreciated right now as rewards are enjoyed and plans made to further increase

and plenty in the future. Take more than a few moments to relax in good company, rejoice with the ones you love, and save dieting and belt-tightening for another day. There is an art to good living, so let your artistry show and share the benefits. The essence, however, is not physical wealth and possessions, but the ability to live life to its fullest, neither requiring nor asking for more than you have. When you can do that, five loaves and two fishes feed the multitudes, and the local natives show up with dessert.

*Venus Trine Jupiter*

Separating out what you ideally want and what you practically can get is easier than usual for a while, and in fact it may seem to some that you've got it all without having struggle at it. Be slow to shatter that illusion, as it may work for you more than you know. Further, it may come closer to the truth than you might have thought after you take a look at just how far you have come in beautifying and enjoying your life. There is much you may take for granted in your own world in the way of love and spiritual recognition that others would give their eye teeth to enjoy. To ensure the grass is really greener on your side of the fence, invite someone for a lawn party.

*Venus Trine Neptune*

A push-pull dynamic of desire can lead to excitement, push you into positions you might not have experienced. This could be at the romantic level, but it could also be connected to possessions you really want but can't make up your mind about. The essence is a tease - first a great intensity followed by a withdrawal, then back again, which heightens the encounter without bringing it to a conclusion. When you can't completely get what you want, you want it the more. Your quandry will be to decide if it will have been worth the effort to possess it after you've finally got it. Sometimes a bird in the bush is more appealing than a bird in the hand, and should be left there.

*Venus Opposition Pluto*

## **Mars**

When given the chance to learn something new, latch onto it. You've got the energy now to push yourself into new areas of exploration that you'll use as resources later, so make room for the opportunity. Your inclination will be to follow broad outlines and let details pass, which will enable you to progress in leaps and bounds. You can go back and sweat the small stuff later. Although you may be tempted to get into legal tangles, remember that they always last longer than you think and you could run out of steam before they're over. If you get the opportunity to travel this lunar month, snap it up, it's the perfect time. Avoid the tendency to be preachy, but feel free to broadcast your message.

*Mars in Ninth House*

This is a really good time to make sure you've got your back door covered and you didn't leave a window open for the rain to get in. Inadvertent moves, or actions taken by others on your behalf without your knowledge can cause setbacks, so keep your guard up a bit more than you ordinarily would. The energy now can also put force behind you that boosts you crazily along, but without sufficient control to assure a safe ride. If, despite all precautions, you take a hit from left field, just tell yourself that it's one more karmic debt you don't have to pay off.

Sometimes it is necessary to be in receipt of the mistakes of others in order to see our own.

*Mars Opposition Node*

The positions of the middle and outer Planets - Jupiter, Saturn, Uranus, Neptune, and Pluto, along with the Moon's North and South Nodes - change little from one Lunar Return to the next, so they add more of a backdrop, the stage set on which the monthly play is performed. They are very powerful, however, and their long-running helpful and troublesome aspects are not to be taken lightly. They can be like a rope to swing yourself across the stage or a trap door that will cause a fall if you're not watching. The text on the mutual aspects of these giants to the inner planets and the Lights, and where they fall by house, shows you just where to watch for them, what mood they're in, and how to get them on your side.

### **Jupiter**

This is an ideal time to try out that new regimen of diet or exercise you've been thinking about. The more you do right now, the better you feel, so keeping active will be the key to feeling good. A big shift is better than a small one, so be adventurous. Similarly, you'll find things picking up at work, where there's more to be done thanks to new developments that have arrived on the scene. When at other times you might have been exhausted, now you pick up the stamina that comes from a focus on the new and the rewarding experience it brings you. Look for it - but even if you don't, it will likely find you.

*Jupiter in Sixth House*

If what you believe is what you are, then everyone is feeling very self-aware right now, and rather relaxed about it. There is a general feeling, in the background, that dreams and expectations are quite realizable (if not, indeed, already realized) and that none of it requires much tending, as what will be, will be, I'm OK, you're OK, win-win, let it be. That can be particularly annoying if it isn't applying specifically to you right now, but understand it as a background illusion that can be used if you're clever, and otherwise taken with a grain of salt, as the best of times changes with time itself and all illusions sooner than expected devolve into the next scene...

*Jupiter Trine Neptune*

### **Saturn**

If you don't pay your bills on time, you'll suffer, and this is when you should be particularly careful to pick up every stitch. If you don't need the credit, don't ask for it, as if you're turned down it's a mark on your record. Use what's yours, not what belongs to others, and you'll be better off. Hoard your resources and don't pitch things you think you can't use, because you'll need them immediately the moment you do. Don't expect things from the past, rather rely on the future to supply your needs - it will become the past soon enough. This lunar month's lesson is self-reliance, and when you've got that, all the rest is gravy, so pitch in and make it so.

*Saturn in Eighth House*

### **Uranus**

Creative insight is right around the corner if you are willing to take a cue from your nearest and dearest and tag along with their bandwagon. Avoid challenges without first thinking them over and know that other's success happens for a reason and they will help you gain the same if you listen. Leave the kids with an uncle or aunt and spend some time in good company with discovery on your mind. The doors of perception are only next door - just walk on over and spend some time there. Be quick to pay heed, but slow to argue. When someone offers to drive, let them. Free rides right now are where you least expect them, and they'll pass right by if you're only listening to the sound of your own voice.

*Uranus in Eleventh House*

### **Neptune**

You would do well to go out of your way to squelch rumors about yourself, nip wrong ideas in the bud before they can do damage. On the other hand, because you are likely to be thought about inaccurately, it's also a good time to feed overblown myths of your greatness and accomplishments. It is not a good time for job-seeking by sending in a resume, which may be misinterpreted - far better to show up in person. If you're thinking of changing or modifying your career, it's a great space for dreaming up new things you could do well and hadn't thought about, but not so good for throwing yourself into a new direction unless you have checked it out thoroughly in advance. Nevertheless, the operant phrase is: if you can dream it, you can achieve it.

*Neptune in Tenth House*

### **Pluto**

Memories of the past may tend to overwhelm during this lunar cycle, but you can learn much from them. Remember that what is lost is found again in time, and every day is a new chance to reshape your life. Conflicts over family property can be resolved by sharing, so no one takes the lion's share but each gets what is personally special. Learning to give up what you desire for the moment is the lesson of the month, and what you permit to pass will in time, like the cat, come back. What returns is truly yours, what doesn't, wasn't meant to be to begin with. The opportunity to place the importance of spirit over matter is knocking, so don't bar the door.

*Pluto in Eighth House*

### **Node**

Things you say to people this month could have in them the makings of long-term commitments, so watch what you say. Others may read more into what you say than you intended and think they've got a deal when they don't - or at least not when you meant to make one. To avoid disappointments and unwanted entanglements, choose your words carefully and remember that handshake agreements often hold as much water as a signed legal document. On the other hand, be on the lookout for especially good new ideas coming your way that could have unanticipated results. Thinking big will place you where you want to be, whereas thinking small will more likely result in entanglements. The devil, not the gold, is in the details this

month.

*Node in Third House*

## **Featured Planets**

When selected Lunar Return positions occupy the same spaces as bodies in your natal chart, this highlights certain natal inclinations for the month. It will mean that certain elements in your fundamental character will be emphasized both internally externally. These will be the areas that most appear to represent you for the moment and that others will seize upon as entry points to your personality. These are the areas in which you can put your best foot forward to make the most effective and gratifying steps ahead, providing your first line of challenges and opportunities to embrace the world.

### **Jupiter Highlighted by Uranus**

You can expect your innate inventiveness and ability to expand upon new opportunities to get special focus and a chance to shine. What happens this month may well attach to you for some time to come, so be sure your schemes are solid, not harebrained, and your inventions practical, not frivolous. Originality for its own sake would be a flash in the pan, but innovation integrated with sensible implementation will leave a legacy that has your name on it. You don't need to nail things down chapter and verse, but the overall plan should be solid, unshakeable.

## Daily Events: Jun 03, 2018

As the Moon speeds on through the month, the minute hand of your Lunar Return, it moves through all twelve houses of both your natal chart and the Lunar Return chart, as well as hitting both sets of planets. These are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications. The individual transits begin with the symbolism of the degree at which they occur, followed by an interpretation of their general meaning, and finish with a handful of specific "issues and accents" to address, which they may bring into your life. Finally, your personal Void-of-Course Moon periods will vary widely and are important timing factors in the daily decision-making process, so keep a close eye on them.

**Sun Jun 3, 2018**      **Moon in Aquarius**  
10:11 pm              **Moon Void Ends: Jun 05, 2018 03:55 am**

**Mon Jun 4, 2018**      **Moon in Aquarius**  
04:08 am              **Moon Enters Natal 09th House**

19° Aquarius: *On every hand are the still-smoking embers, but the forest fire is out, and the weary fighters are most jubilant. ASCENDANCY*

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens the mind, whether it be a physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *deliberation, insurance, stories, generalizations, teaching*

08:29 am              **Moon Enters Return's 10th House**

21° Aquarius: *Leaving the room is a well-groomed and striking and conspicuously solitary woman, long disappointed and disillusioned. HOMAGE*

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin doctor is more valuable than an M.D.

Issues and Accents: *workload, process, structure, precautions, integrity*

11:33 pm           **Moon Conjunct Natal Mercury**

28° Aquarius: *The pioneer cottage is prepared for winter's rigors with a tree felled and sawed for fuel and all else in order. REWARD*

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *interpretation, journeys, mediation, conversation, locks*

11:33 pm           **Moon Void (Personal) Ends: Jun 05, 2018 03:55 am**

**Tue Jun 5, 2018**   **Moon in Aquarius** (Enters Pisces at 03:55 am)

**Wed Jun 6, 2018**   **Moon in Pisces**

09:13 am           **Moon Enters Natal 10th House**

15° Pisces: *An officer in unkempt campaign uniform is preparing to drill men dressed in military tops quite worn for wear. FIRMNESS*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due. Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

12:23 pm           **Moon Conjunct Return's Neptune**

17° Pisces: *In the boulevard sunshine the promenade of wealth's Easter is seen, and in poorer quarters is equally brave show. IMPROVEMENT*

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

09:28 pm           **Moon Enters Return's 11th House**

22° Pisces: *Down the man-made mountain of industry in allegorical representation comes a prophet with tablets of a new law. EXACTION*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from

getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

11:36 pm           **Moon Void Ends: Jun 07, 2018 02:27 pm**

**Thu Jun 7, 2018      Moon in Pisces** (Enters Aries at 02:27 pm)

01:37 am           **Moon Conjunct Natal Moon's Node**

24° Pisces: *The tiny island seems lost in the broad ocean but its happy inhabitants have created a great world all their own. CENTRALIZE*

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

03:40 am           **Moon Conjunct Natal Sun**

25° Pisces: *Ecclesiastical reform of drastic nature is in progress and a purged and purified priesthood opens a new ministry. REFORMATION*

This is likely your second most active time of the month, as your inner energies get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

03:40 am           **Moon Void (Personal) Ends: 02:27 pm**

**Fri Jun 8, 2018      Moon in Aries**

**Sat Jun 9, 2018      Moon in Aries** (Enters Taurus at 09:05 pm)

02:58 am           **Moon Enters Natal 11th House**

20° Aries: *A young girl is seen feeding the swans in a sheltered public park. DEPENDENCE*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *inclusion, community, machinery, friction, breakthroughs*

12:38 pm           **Moon Void Ends: 09:05 pm**

05:16 pm      **Moon Void (Personal) Ends: 09:05 pm**

10:44 pm      **Moon Conjunct Return's Uranus**

1° Taurus: *A clear mountain stream flows steadily through a rocky defile.*  
**RESOURCEFULNESS**

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

Issues and Accents: *transitions, hiccoughs, impulses, discrimination, infidelity*

11:05 pm      **Moon Enters Return's 12th House**

2° Taurus: *A brilliant electrical display illuminates the heavens and the forests beneath.* **TRANSFORMATION**

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *meditation, enticements, concern, regression, disappointment*

11:20 pm      **Moon Conjunct Natal Jupiter**

2° Taurus: *A brilliant electrical display illuminates the heavens and the forests beneath.* **TRANSFORMATION**

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *advertising, freedom, compensation, judgment, shopping*

**Sun Jun 10, 2018      Moon in Taurus**

12:58 pm      **Moon Conjunct Natal Venus**

10° Taurus: *A pretty lass in Red Cross uniform is hurrying about the duties that a warm sympathy has dictated.* **DEVOTION**

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere, so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself, but watch your wallet.

Issues and Accents: *beauty, bonding, mother, customers, affairs*

**Mon Jun 11, 2018**    **Moon in Taurus** (Enters Gemini at 11:54 pm)

08:19 pm    **Moon Void (Personal) Ends: 11:54 pm**

08:30 pm    **Moon Void Ends: 11:54 pm**

**Tue Jun 12, 2018**    **Moon in Gemini**

01:03 am    **Moon Enters Natal 12th House**

1° Gemini: *A glass-bottomed boat drifts silently and easily over a constantly shifting panorama of marine wonders. FRESHNESS*

This is likely the quiet time of the month, a lull in traffic, the calm before the storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *dreams, fantasies, support, blunders, enemies*

03:48 pm    **Moon Conjunct Return's Mercury**

10° Gemini: *An airplane dives towards the Earth as though falling, but rights and recovers itself with smooth gracefulness. LINEAGE*

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *inquiry, versatility, nerves, cousins, clothing*

08:42 pm    **Moon Enters Return's 01st House**

13° Gemini: *The great artist, a world-famous pianist, sits at his instrument on the stage of a huge auditorium. EXCELLENCE*

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *atonement, free will, vindication, constraints, advancement*

08:55 pm    **Moon Conjunct Return's Sun**

13° Gemini: *The great artist, a world-famous pianist, sits at his instrument on the stage of a huge auditorium. EXCELLENCE*

The heart of the matter and the main focus of the month gets its greatest boost

now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *arteries, gold, ambition, adrenaline, executives*

**Wed Jun 13, 2018 Moon in Gemini**

12:44 pm **Moon Void Ends: Jun 14, 2018 00:21 am**

12:44 pm **New Moon**

23° Gemini: *Three fledglings, secure in their nest high in the tree, already reveal the deep pride of their heritage. SECLUSION*

**New Moon in Natal 12th House**

Eruptions of the unconscious could bring both troubles and personal revelations to the surface right now, so you may want to be careful not to betray secrets or let the cat out of the bag prematurely. Don't say the first thing that comes to mind, or you may give away more than you intend to. New deals are being struck behind the scenes with a strong sense of urgency, but they are not necessarily justified, so watch you don't climb aboard the wrong bandwagon right now. Wait until things come out into the open to make decisions, take sides, even though there appears to be advantage in secrecy. Open covenants, openly arrived at, are the better part of honor.

**New Moon in Return 01st House**

A brief period when this month's personal issues come into focus is underway, especially where you can be tagged as an initiator. You have the option of establishing your personal picture for the period by asserting yourself at this time, and you can expect involvements you throw yourself into right now to come to at least a temporary head in about two weeks. You'll be best off by keeping your head about you when others are losing theirs, but don't feel you can't get out of what you've done now, as it will be a new ball game next month. Nevertheless, if you want the spotlight, it can be yours for the moment, but be ready to pass on the baton when it's time.

Issues and Accents: *obsessions, waste, delusion, error, repression*

08:52 pm **Moon Void (Personal) Ends: Jun 14, 2018 00:21 am**

**Thu Jun 14, 2018 Moon in Gemini (Enters Cancer at 00:21 am)**

08:49 am **Moon Enters Return's 02nd House**

6° Cancer: *It is in the flush of spring, and innumerable wild or game birds are seen feathering their nests. ADAPTATION*

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the

time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *payments, bank account, completeness, unburdening, affluence*

12:03 pm           **Moon Enters Natal 01st House**

8° Cancer: *An imaginary land of rabbits is revealed, with its citizens faultlessly dressed and on dignified parade. ASPIRATION*

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *leadership, distance, delegation, disability, frustrations*

**Fri Jun 15, 2018      Moon in Cancer**

04:47 am           **Moon Conjunct Return's Venus**

18° Cancer: *On all sides is the bustle of the barnyard; in its old-fashioned and natural life, a hen clucks among her chicks. PROVISION*

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *consent, children, faithfulness, humor, mercy*

09:19 am           **Moon Void   Ends: Jun 16, 2018 00:21 am**

03:14 pm           **Moon Void (Personal)   Ends: Jun 16, 2018 00:21 am**

06:39 pm           **Moon Enters Return's 03rd House**

27° Cancer: *In a normally peaceful canyon, with wealthy secluded ranches, a furious storm seems to multiply its terror. ABUNDANCE*

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

Issues and Accents: *curiosity, gas, telephone, haggling, announcements*

07:17 pm           **Moon Enters Natal 02nd House**

27° Cancer: *In a normally peaceful canyon, with wealthy secluded ranches, a furious storm seems to multiply its terror. ABUNDANCE*

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *satisfaction, order, renunciation, penalties, bargains*

**Sat Jun 16, 2018**      **Moon in Cancer** (Enters Leo at 00:21 am)

02:34 pm      **Moon Conjunct Return's Moon's Node**

9° Leo: *In a scene of weird display and brilliant colors, glass-blowers produce one by one the marvels of their craft. FORMATION*

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

**Sun Jun 17, 2018**      **Moon in Leo**

06:01 am      **Moon Enters Natal 03rd House**

19° Leo: *A clubhouse built on a floating barge is gaily decorated, and crowded with revelers; the water reflects its lights. CONGENIALITY*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *repetition, maneuverability, grace, diversification, transportation*

09:35 am      **Moon Enters Return's 04th House**

21° Leo: *An unwitting allegory is enacted by a few chickens, who have gotten at some fermented feed and are happily intoxicated. REFINE*

Attention to laying the foundations of what you are going to do and be for the month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your house in order.

Issues and Accents: *environment, private matters, handling, humidity, dampness*

08:26 pm      **Moon Void Ends: Jun 18, 2018 01:41 am**  
 10:02 pm      **Moon Void (Personal) Ends: Jun 18, 2018 01:41 am**

**Mon Jun 18, 2018**      **Moon in Leo** (Enters Virgo at 01:41 am)

**Tue Jun 19, 2018**      **Moon in Virgo**  
 02:54 am      **Moon Enters Natal 04th House**

15° Virgo: *A handkerchief of the finest linen and oldest lace lies folded near milady's mirror by a bottle of rare perfume. RESERVATION*

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

Issues and Accents: *finality, emotions, moisture, occupancy, possessions*

01:51 pm      **Moon Enters Return's 05th House**

22° Virgo: *Upon rich velvet in a case, at an exhibition, is an exquisitely wrought miniature: a jewel-set royal coat-of-arms. PREROGATIVE*

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural soul inside and take some time now to bring those inner voices into the sunshine.

Issues and Accents: *immaturity, festivities, music, decorations, capability*

05:37 pm      **Moon Conjunct Moon's South Node**

24° Virgo: *A large book for children is open at a colored page; here Mary with her yellow curls leads an immaculate white lamb. PICTURE*

07:29 pm      **Moon Void (Personal) Ends: Jun 20, 2018 05:30 am**

**Wed Jun 20, 2018**      **Moon in Virgo** (Enters Libra at 05:30 am)

03:51 am      **Moon Void Ends: 05:30 am**

**Thu Jun 21, 2018**      **Moon in Libra**  
 05:16 pm      **Moon Enters Natal 05th House**

20° Libra: *In a tiny room ridiculously cluttered with manuscripts and books, sits a Jewish rabbi at ease with self and world. BACKGROUND*

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb

unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

Issues and Accents: *athletics, charisma, luxuries, infatuation, talent*

06:34 pm      **Moon Void Ends: Jun 22, 2018 12:11 pm**

**Fri Jun 22, 2018**      **Moon in Libra** (Enters Scorpio at 12:11 pm)

08:08 am      **Moon Void (Personal) Ends: 12:11 pm**

02:19 pm      **Moon Enters Return's 06th House**

2° Scorpio: *What has been a handsome and valuable bottle lies broken and forgotten; a track of living perfume leads from it. ABSOLUTION*

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Issues and Accents: *perfection, sickness, infirmity, assistants, discrimination*

**Sat Jun 23, 2018**      **Moon in Scorpio**

11:29 am      **Moon Conjunct Natal Pluto**

13° Scorpio: *In a rattletrap old wooden barn, an earnest man works in a maze of apparatus: invention at the point of success. CLEVERNESS*

The inclination may be to push through to get your way, that for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *passion, luck, research, weather, the unconscious*

05:11 pm      **Moon Conjunct Return's Jupiter**

16° Scorpio: *A girl's face is revealed of fine, delicate aristocratic features; suddenly these break into a glorious smile. FERVOR*

Positive thinking and a generous imagination can now set the stage for increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *forecasting, inflation, default, travel, loyalty*

**Sun Jun 24, 2018**    **Moon in Scorpio** (Enters Sagittarius at 09:30 pm)

07:01 am    **Moon Void**    **Ends: 09:30 pm**

05:16 pm    **Moon Void (Personal)**    **Ends: 09:30 pm**

10:52 pm    **Moon Enters Natal 06th House**

1° Sagittarius: *A group of elderly men in uniform, eyes bright with reminiscence, is gathered at a G.A.R. campfire. REUNION*

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and prevent untimely trip-ups from overlooked details at the last minute.

Issues and Accents: *stress, climate, work, anxiety, skill*

**Mon Jun 25, 2018**    **Moon in Sagittarius**

10:34 pm    **Moon Enters Return's 07th House**

13° Sagittarius: *A wistful young woman, dressed in black, is surprised into a warm companionship to which she has felt alien. REVISION*

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

Issues and Accents: *opponents, competitors, irresponsibility, contests, matchmakers*

**Tue Jun 26, 2018**    **Moon in Sagittarius**

05:55 am    **Moon Void**    **Ends: Jun 27, 2018 08:54 am**

**Wed Jun 27, 2018**    **Moon in Sagittarius** (Enters Capricorn at 08:54 am)

04:32 am    **Moon Void (Personal)**    **Ends: 08:54 am**

10:37 am    **Moon Conjunct Natal Uranus**

1° Capricorn: *An Indian chief is standing before the assembled powwow of tribes and demands recognition coldly and regally. CONTEMPLATION*

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *quotas, dissatisfaction, upsets, growth, hazards*

2° Capricorn: *Three stained-glass windows in an old cathedral are seen, and the center one has been damaged by bombardment. DEFIANCE*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *fatigue, disappointments, confinement, discretion, punctuality*

6° Capricorn: *A dark archway in the forest leads to greater depths and darkness beyond; in its shade lie an even ten logs. THOROUGHNESS*

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *fees, intimacy, accountants, insurance, malice*

09:54 pm      **Full Moon**

7° Capricorn: *A highly sophisticated magic ritual is displayed with the central figure as a heavily veiled prophet of power. SUPREMACY*

If you aren't finally achieving something from your diet or exercise regimen, ask yourself why not. This is the time you should be really getting things together and it should be starting to pay off. However, avoid excess and going over the top right now, as you may feel you can do more - and maybe eat more - than you really should. At work, you may feel a little overbooked, as tasks multiply and time is short to complete them. Once you've put on the finishing touches, however, you'll be able to stand back and take pride in your accomplishments. A good time for an office party, if you can concoct a good excuse for one. In general right now, celebrate finished tasks.

Finishing up short-term credit arrangements is advisable, which can mean paying off or cancelling credit cards or loans on the one hand, and finalizing arrangements in the works for accessing further resources. You will want to agreed-on provisions to be as flexible as possible so you can have your cake and eat it, too. Leave loopholes on your side, but not on the other. This can also be final decision time as to what clutter you want out of your life, but don't give or throw things away when you can put them on extended loan to another and thus still have the option of getting them back. That way you can clear your decks of detritus, reap gratitude, and lose nothing.

Issues and Accents: *workers, faults, specialization, assistance, dependents*

8° Capricorn: *A huge living room in an old-fashioned frame mansion is flooded with sunlight and canaries are singing happily. ESTABLISHED*

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

Issues and Accents: *meddling, promises, cooperation, rivals, surrender*

8° Capricorn: *A huge living room in an old-fashioned frame mansion is flooded with sunlight and canaries are singing happily. ESTABLISHED*

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *discipline, burdens, precautions, indecision, control*

10° Capricorn: *On the deck of an old-fashioned sailing ship, seamen are taming an albatross that feeds from their hands. CULTIVATION*

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *relaxation, emotions, sensitization, fears, disloyalty*

01:51 pm **Moon Conjunct Natal Mars**

15° Capricorn: *It is the children's ward in the hospital, with an abundance of toys, books and gifts for the youngsters. ESCAPE*

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *stamina, fearlessness, squabbles, sweat, indiscretion*

21° Capricorn: *Excitement thrills the grandstands during the relay race as each runner springs to his place with eagerness. TRANSITION*

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *defilement, unscrupulousness, radio, insensibility, debilities*

10:06 am      **Moon Void (Personal) Ends: 09:38 pm**

27° Capricorn: *A party of anchorites are making a mountain pilgrimage, and in view lie both the busy world and the quiet way ahead. DUALITY*

Is your life cinema verite, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Issues and Accents: *forecasting, honesty, reconnaissance, legitimacy, exploration*

27° Capricorn: *A party of anchorites are making a mountain pilgrimage, and in view lie both the busy world and the quiet way ahead. DUALITY*

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is, can feel like a fresh, new start.

Issues and Accents: *pressure, liabilities, discounts, immorality, self-transformation*

7° Aquarius: *In a phantasy presented by the children of an exclusive school, a huge egg cracks to reveal a cherubic miss. DIRECTNESS*

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the

day, but only if it's well thought out and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *pain, penetration, muscles, dissension, controversies*
