General Guidelines

Some of the interpretations given in the 'Chapter Highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

Chapter I. Your General Nature

Approach, Attitude

Your strong sense of identification and empathy with others can make you feel closer to them than they feel toward you, so allow their own defenses to have some space. Your extreme willingness to help makes you a fine partner but an easy mark, so careful!

Ascendant in Pisces

Key Quality

A willingness to get in there and pitch with good will characterizes your inner style, and it will be hard to wear your friendship out, as you will change to suit the situation well. When the time comes to leave, however, you'll know it in time.

Sun in Sagittarius

Key Activity

Your first approach on life is toward its grand side, seeing the breadth and scope of a relationship before its details. This may cause you to ignore smaller things that may be very important to a partner, so be willing to hand over that side on demand.

Sun in Ninth House

Chapter Highlights

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

Moon Sextile Sun Orb: 00°52'

You have a very strong concern for, and sense of, what others have to say about you and will likely find yourself generally in the public eye for this reason. Take special care to guard your privacy if you want it, or else it will be hard to keep.

Sun Conjunct Midheaven Orb: 03°11'

A good sense of originality in developing a relationship will tend to keep things interesting for both you and a partner without pushing things too far or going over the deep end. When things get boring, you can count on a flash of inspiration.

Sun Sextile Uranus Orb: 04°19'

Your physical appearance may often belie your inner feelings or direction, over or understating them, so you should be able to say what you mean more than show it if you want to put yourself across well. When you mean what you say, others will know it.

Sun Square Ascendant Orb: 08°56'

Chapter II. Inner Responsiveness

Key Quality

Your immediate response to most situations will be to change them around and keep the ball rolling. This makes for very eventful relationships, but not always peaceful ones. Stir things up when they need it, but be willing also to let things be.

Moon in Libra

Key Activity

You will find you rely heavily on response from a partner to be sure of what your own really is. Sometimes it will be easy to confuse another's opinions with your own feelings, but that can also be an extraordinary joy if the relationship is right.

Moon in Seventh House

Chapter Highlights

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

Moon Sextile Sun Orb: 00°52'

A tendency to react rather abruptly may take others by surprise so you may do well to count to ten before you express just exactly how you feel in order to soften the blow, especially in the case of partners more conservative than yourself.

Moon Conjunction Uranus Orb: 03°27'

Your most natural responses to situations will tend to increase the quality of your reputation, which means you can usually bank on your intuition, or at least expect others to. Rely on your instincts where career is concerned and you won't go wrong.

Moon Sextile Midheaven Orb: 04°02'

Chapter III. Mentality

Key Quality

Your focus in a relationship is more on the overall nature of it rather than on its daily details. A partner who insists on very specific scenarios or extreme intensity based on them will confuse you or turn you off. Too tight a grip ruins your flow.

Mercury in Sagittarius

Key Activity

Like it or not, your ideas are likely to get pretty well spread around, for better or for worse, so shape them carefully to draw the kind of person to yourself you want. If your public image is different than your private self, you'll have connect trouble.

Mercury in Tenth House

Chapter Highlights

You have a very natural sense of how to translate thought into action, but others may not be so talented and you will have to help them communicate what they would like to do even when it seems self-evident to you. Just pick up the ball and run.

Mercury Sextile Mars Orb: 00°38'

Intellectual dominance is probably a greater source of self-confidence for you than it need be. You do not have to be heard or acknowledged in order to be right or come out a winner. When others are given space, they will be more supportive of yours.

Mercury Square Pluto Orb: 04°41'

You have a very high communications profile and what you say and think is likely to get a fairly far-ranging audience so you should not hold forth glibly but cherish what you put out, as others are likely to do so too. Speak as if for posterity.

Mercury Conjunct Midheaven Orb: 06°58'

Chapter IV. Inner Needs - Desires - Sexuality

Key Quality

Your taste in others is highly diversified and you will enjoy a wide and sometimes contradictory circle of friends. Don't let variety and change become a substitute for closeness in a relationship and you will experience the best of both worlds.

Venus in Sagittarius

Key Activity

You seek boldness and originality in the manifestations of a relationship which will challenge your mind and body. The idea is everything, and details of expression are less important than painting your experience with a broad, strong brush stroke.

Venus in Ninth House

Chapter Highlights

The disillusionment of high youthful idealism may leave you a cynic on the surface, but the high romantic heart still beats underneath. Wanting and expecting too much out of love is a hazard which goes with the territory but heightens the senses.

Venus Conjunction Neptune Orb: 01°10'

A strong abiding assurance that you will get what you want means you likely will, simply by applying relentless pressure until you have it. Weigh the price others may pay, as well as yourself, to see if the balance is truly in your favor in the end.

Venus Sextile Pluto Orb: 02°55'

It may be hard for you to physically demonstrate what you want in a situation and you may be better off establishing strong verbal communication in order to get your needs satisfied. Body language can work against you, so speak up if you're in doubt.

Venus Square Ascendant Orb: 03°20'

Chapter V Energy - Drive - Activity

Key Quality

You may find that your partner criticizes you for putting your eggs in too many baskets, but it is your style to keep a lot of irons on the fire. The multiple skills and talents so developed will benefit everybody once you have them under control.

Mars in Aquarius

Key Activity

You may have to fight a tendency to leap before you look, which can get you involved prematurely or too deeply than might be wise. Conversely, you may find yourself treated to experiences other more conservative types miss, by the same token.

Mars in Twelfth House

Chapter Highlights

You have a very natural sense of how to translate thought into action, but others may not be so talented and you will have to help them communicate what they would like to do even when it seems self-evident to you. Just pick up the ball and run.

Mercury Sextile Mars Orb: 00°38'

A strong native flow of energy allows you to keep up a longrange pace that will see others dropping out one by one as they tire. Timing and adjusting to just the right speed to conserve energy are the key, along with good morale & high enthusiasm.

Mars Trine Jupiter Orb: 06°01'

A buried fear that your actions might get you into serious problems makes you over-compensate and try to take greater control of the situation than needed. Since this may lead to anger or confrontation with others, relinquish control where you can.

Mars Square Neptune Orb: 07°03'

Chapter VI. Expansiveness - Growth - Success

Key Quality

You are at your best when your world is in perpetual motion, and partners must keep moving to keep up with you. Where others may find insecurity in change, you find creativity, but keep their needs in mind as well, lest you find yourself in motion alone.

Jupiter in Libra

Key Activity

Your greatest interests and creativity may be in areas that are totally a mystery to others -- hidden or obscure subjects that are important to you and unknown to others. Finding a person of similar bent will be one of your life's most important goals.

Jupiter in Eighth House

Chapter Highlights

You may find that you swing from the liberal to the conservative and back again on seemingly conflicting issues, but you may be equally correct in both cases. Don't back down on your stand if others disagree, just seek a synthesis that gives room for all

Jupiter Opposite Saturn Orb: 04°57'

A good sense of when and how much to assert yourself in personal interaction allows you to get in a maximum contribution without wearing out your welcome. You can dominate the play while being in what appears to be only a supporting role.

Jupiter Trine Ascendant Orb: 05°33'

A strong native flow of energy allows you to keep up a longrange pace that will see others dropping out one by one as they tire. Timing and adjusting to just the right speed to conserve energy are the key, along with good morale & high enthusiasm.

Mars Trine Jupiter Orb: 06°01'

Chapter VII. Seriousness - Concentration - Limitations

Key Quality

You tend to take a long-range view in a critique of a partner, which is admirable, but may give the wrong partner just time enough to take you for a ride. Temper patience with wisdom, so you will know when and where to tell someone to get off in time.

Saturn in Taurus

Key Activity

You will not likely have enough financial support to do what you want, whether it be large or small, so you develop the talent for jury-rigging early and make the most out of least. Thus do not seek partners of wealth, but of similar ingenuity as you.

Saturn in Second House

Chapter Highlights

A certain deliberateness of gait tends to add firmness & credibility to your appearance, implying reliability and a shoulder someone could lean on. This may be simply exterior but it bears physical attraction to some and should be cashed in on.

Saturn Sextile Ascendant Orb: 00°35'

You may find that you swing from the liberal to the conservative and back again on seemingly conflicting issues, but you may be equally correct in both cases. Don't back down on your stand if others disagree, just seek a synthesis that gives room for all

Jupiter Opposite Saturn Orb: 04°57'

Chapter VIII. Originality - Spontaneity - Independence

Key Quality

You make your interior judgements of others largely based on their actions which you observe and you may change your feelings quickly with circumstance. You may, however, find it difficult to put your finger on more retreating, contemplative types.

Uranus in Libra

Key Activity

You will doubtless, throughout your life find yourself attracted to and involved with unusual, fringe sort of personalities of whom your friends may not approve. From these you will draw your own originality and most of your wildest good times, too!

Uranus in Seventh House

Chapter Highlights

A tendency to react rather abruptly may take others by surprise so you may do well to count to ten before you express just exactly how you feel in order to soften the blow, especially in the case of partners more conservative than yourself.

Moon Conjunct Uranus Orb: 03°27'

A good sense of originality in developing a relationship will tend to keep things interesting for both you and a partner without pushing things too far or going over the deep end. When things get boring, you can count on a flash of inspiration.

Sun Sextile Uranus Orb: 04°19'

Chapter IX. Imagination - Ideals - Spirituality

Key Quality

That which is most difficult or dangerous to attain you tend to make your heart's goal. This can bring you to the inner depths of revelation or put you on the rocks. Remembering that the very greatest mysteries of life & love are right before you helps.

Neptune in Scorpio

Key Activity

You have a great attachment to lofty spiritual and philosophical ideals but may find it hard to bring them down to earth. Here a more practical partner may be of help so that you can both come to enjoy the fruit of your imagination in real material terms.

Neptune in Ninth House

Chapter Highlights

The disillusionment of high youthful idealism may leave you a cynic on the surface, but the high romantic heart still beats underneath. Wanting and expecting too much out of love is a hazard which goes with the territory but heightens the senses.

Venus Conjunct Neptune Orb: 01°10'

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

Neptune Sextile Pluto Orb: 01°45'

You may find that your physical motions and body language can sometimes obscure the message you are trying to get across, so when you want to make your intentions really clear, set them down concretely and don't depend on gestures that may mislead.

Neptune Square Ascendant Orb: 04°30'

A buried fear that your actions might get you into serious problems makes you over-compensate and try to take greater control of the situation than needed. Since this may lead to anger or confrontation with others, relinquish control where you can.

Mars Square Neptune Orb: 07°03'

Chapter X. Compulsiveness - Fate - Mission

Key Quality

The dominant belief of your generation, which you share to an extent, is that if you do it just right, you'll get what you want. A lot was done, but much was wanting in the end, because of your illusion of control. You do what you can, that's all.

Pluto in Virgo

Key Activity

You are most likely to be attracted to personality types who dominate (or try to) personally and even physically. There can be great excitement in it, as long as you retain your individuality and keep the role-playing in its place where joy is, not hurt.

Pluto in Seventh House

Chapter Highlights

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

Neptune Sextile Pluto Orb: 01°45'

A strong abiding assurance that you will get what you want means you likely will, simply by applying relentless pressure until you have it. Weigh the price others may pay, as well as yourself, to see if the balance is truly in your favor in the end.

Venus Sextile Pluto Orb: 02°55'
